

Supply List

All supplies must be labeled with your child's name. You will need to provide the following things to be left here:

**1 complete change of clothing (more if we are toilet training) to be left here. This includes shirt, pants, socks, and underwear. Soiled clothing will be sent home and a new change of clothes will need to be brought back the next day.

**Any over the counter medication that you may wish to be used. This must have the child's name on it. Remember, I will always ask your permission before administering any medication (or a form will need to be filled out).

**Proper outerwear for outside play

**1 Blankets

**Car seat/booster seat that meets state's requirements to be left here

**Swimsuit, towel, and sunscreen to be left here during summer months

**FOR CHILDREN NOT YET POTTY TRAINED:

~Diapers or pull-ups - 1 full package. I will notify you when the supply is low.

~1 box of baby wipes - at least 80 to 100 count

~2 changes of clothing (t-shirt, sleeper, outfit, and socks). Careful attention must be made to maintain current sizes left here.

~Any cream, powder, lotion etc. that you wish me to use

~Even though (medical) supplies will be kept in my home, I will NOT give them to your child unless written permission is given. You may have the option of filling out a medication permission slip upon enrollment. That way I can go ahead and give them some medication, should the need arise, then write the administration on the form. Notice will be sent home when more supplies are needed.

NOTE: If you prefer not to supply these items to be left here, you may send them daily in the diaper bag. The option of leaving these items here is for your convenience and is not required. However, all of the above items are required for me to care for your child, so they will need to be brought daily.

Thank you for your cooperation!

WHEN YOUR CHILD IS SICK:-

1. Have up to date plans in place for who we should contact if your child should become unwell whilst in our care.
2. Always keep us informed if your child is unwell, with the signs of illness, even if you keep your child at home, so that we are able to keep other parents informed of any excludable outbreaks.
3. Always advise us of any medication your child has been given up to 24 hours prior to their arrival, e.g. an individual dose of the antibiotics/medication during a course of prescribed treatment, over-the-counter medications supplied by yourselves, such as pain and fever relief e.g. Calpol.

Our Family Child Care Health Policy

The Health Department regulations prohibit the admittance of any child into a family childcare home that exhibits any of the following symptoms:

- **Fever (100°f or higher)** – child needs to be fever free for 24 hours without the aid of medication
- **Diarrhea** – child must be symptom free for 24 hours without the aid of medication
- **Vomiting** – child must be symptom free for 24 hours without the aid of medication
- **Runny nose with coloured discharge** –check with doctor
- **Rash** – check with doctor
- **Discharge from eyes or ears**
- **Lice** – child needs to be treated and nits removed before return

Communicable Diseases – chicken pox, measles, mumps, conjunctivitis (pink eye), influenza etc. The child may return when the incubation and contagious period is passed and the child is well enough to resume normal childcare activities.

Medication

If your child is on antibiotics he/she continues to be contagious for 24 hours after the first dose of medication and can not return to childcare until this time period has passed.

Child Care Regulations prohibit me from giving your child medication of any kind unless you have filled out and signed a Permission to Administer Medication Form. All medication must be in the original, labeled container.

STATE OF GEORGIA
OFFICE OF THE GOVERNOR
ATLANTA 30334-0900

Nathan Deal
GOVERNOR

October 23, 2017

Dear Tammy J Geter:

I am writing to congratulate you (*and your staff*) at **Tammy J Geter** for becoming **Quality Rated**. Your voluntary participation in this special initiative demonstrates your commitment to children and families in your community, and your rating indicates that your child care program goes above and beyond the state's minimum licensing requirements.

My administration clearly recognizes the critical importance of high quality early child care and education experiences for Georgia's youngest citizens. Research supports that investments in our children from birth to age five will pay dividends for decades to come. For Georgia, high quality early education and care supports the state's long-term economic growth by producing citizens equipped to successfully compete in the global economy of the 21st century.

I appreciate the investment you are making in our state's future as you serve the children entrusted to your care, and I applaud your efforts to continuously improve the quality of your services through **Quality Rated**. Together we are making a difference in the lives of our children and in the direction of our state.

Sincerely,

A handwritten signature in black ink that reads "Nathan Deal".

Commissioner

October 23, 2017

Dear Tammy J Geter:

I am writing to inform you that Tammy J Geter, FR-34863 is officially **Quality Rated**. Your voluntary participation in Quality Rated demonstrates your commitment to the children and families you serve and to quality early care and education above and beyond state minimum licensing requirements. Quality Rated will have lasting effects on Georgia's children, families, and our economy.

As a Quality Rated program, you are:

- Helping prepare **children** for kindergarten
- Helping families better understand what quality early care and education looks like so they can make informed choices about their child's education
- Helping **teachers** customize teaching and learning so that every child in Georgia develops to his or her potential

The quality rating for your program is available to the public on the DECAL website. I applaud your efforts to engage in **continuous quality improvement** and hope that you are as excited as we are that your program is part of Quality Rated. Congratulations and best wishes as we work together to improve Georgia's early care and education system thereby enhancing the wellbeing of Georgia's children.

Sincerely,

Amy M. Jacobs
Commissioner
